SENATE BILL

No. 628

Introduced by Senator Yee

February 18, 2011

An act to amend Sections 4935, 4955, 4955.1, 4955.2, 4956, 4960.2, 4961, 4965, 4966, 4967, and 4969 of, to add Sections Section 4936 and 4964.5 to, and to add Article 3 (commencing with Section 4950) to Chapter 12 of Division 2 of, the Business and Professions Code, relating to acupuncture.

LEGISLATIVE COUNSEL'S DIGEST

SB 628, as amended, Yee. Acupuncture: regulation.

Existing law, the Acupuncture Licensure Act, establishes the Acupuncture Board and makes it responsible for enforcing and administering the act, including licensing persons who meet specified licensure requirements. Under the act, licensees are titled "acupuncturists," and are authorized to perform designated activities pursuant to their license. The unlawful practice of acupuncture and any other violation of the act is a crime.

This bill would, commencing May 1, 2012, require the board to issue a certificate to practice as a traditional Chinese Medicine traumatologist

 $SB 628 \qquad \qquad -2-$

to an applicant who meets certain training and clinical experience requirements and pays a specified fee. The bill would limit the submittal of applications to the period between January 1, 2012, and December 15, 2012, and would prohibit the board from issuing a certificate after December 15, 2012. The bill would require the board to establish the Traumatology Committee within the board with specified duties, including determination of certification standards and evaluation of whether an applicant meets those standards. The bill would set forth procedures for the renewal of an unexpired or expired certificate to perform traditional Chinese Medicine traumatology and would establish specified fees in that regard. The bill would make it a crime to use the title of "certified traditional Chinese Medicine traumatologist" without meeting these certification requirements and to fraudulently buy or sell a certificate for traditional Chinese Medicine traumatology, thereby imposing a state-mandated local program.

The

This bill would authorize a person with a current and valid license to practice acupuncture to use the title of acupuncturist. The bill would authorize such a person to use the title of Doctor of Acupuncture, as specified, only if he or she has met certain educational requirements, thereby imposing a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: yes.

The people of the State of California do enact as follows:
